G01

OFFSET LINEAR

The industrial yet appealing look of the Offset Linear grating gives your space a sleek and professional feel. The lines create a sense of motion in an otherwise still and serene space giving your shower a subtle yet dynamic feel.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
24in	133-001G01	133-008G01	133-031G01	3	6
28in	133-002G01	133-009G01	-	3	6
32in	133-003G01	133-010G01	-	3	6
36in	133-004G01	133-011G01	133-034G01	3	6
40in	133-005G01	133-012G01	-	-	6
60in	133-007G01	133-014G01	-	-	6

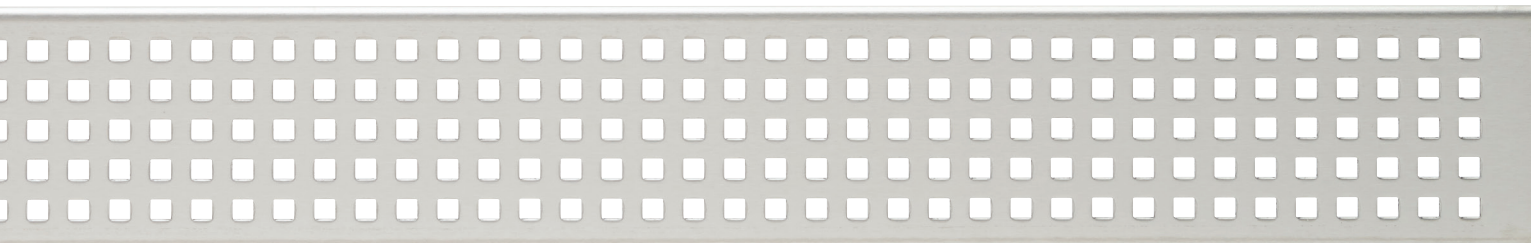

G03

COMPACT GRID

The Compact Grid pattern helps give a rough texture to an otherwise smooth drain. This grid pattern highlights a tight geometric look and adds a texture under foot different from the rest of the tile surrounding it.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
24in	133-001G03	133-008G03	-	-	6
36in	133-004G03	133-011G03	-	-	6

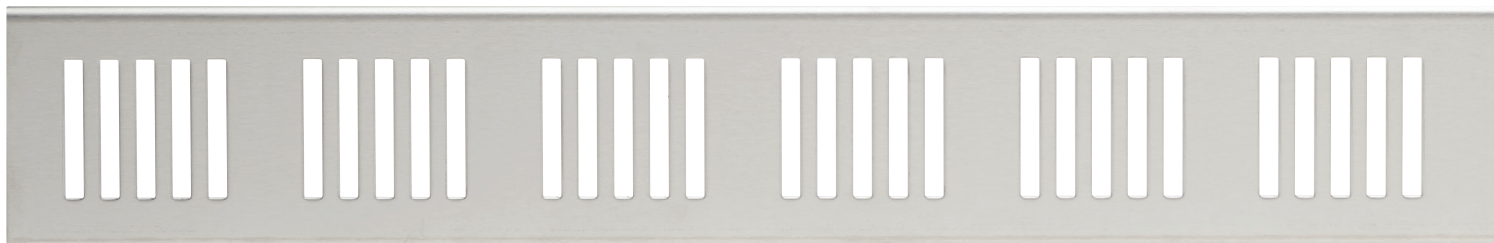

G05

SKYLIGHTS

Skylights is a unique grate pattern that adds a vertical element to your shower space. The clustered slots reflect the movement often found in urban environments and can provide a visual way to break up the shower tile pattern.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
24in	133-001G05	133-008G05	-	-	6
36in	133-004G05	133-011G05	-	-	6

G07

BALANCE

Balance aims to create a geometrically even look tht exudes a feeling of order. This grate pattern can give a consistent look across the entire grate surface to compliment any tile.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
24in	-	133-008G07	-	-	6
36in	-	133-011G07	-	-	6

G08

GENTLE FLOW

This pattern aims to create a flowing organic feel to an otherwise geometric drain and shower space. Mimicking the profile of waves, this grate pattern exemplifies an alternative style for your shower space.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
24in	-	133-008G08	-	-	6
36in	-	133-011G08	-	-	6

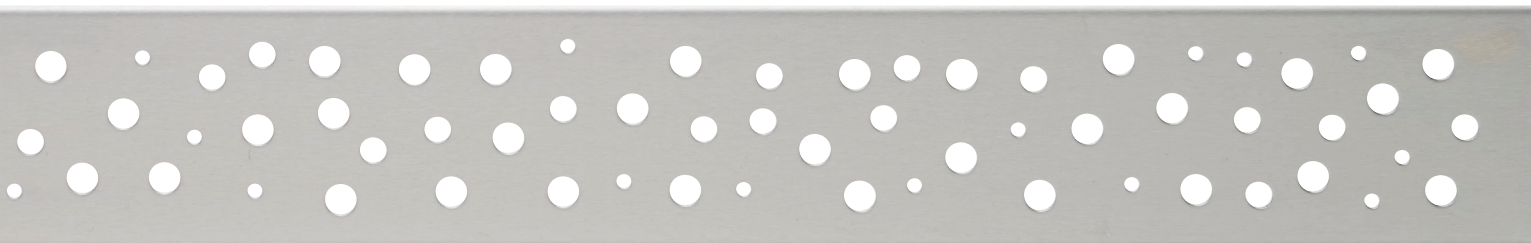

G12

RAINDROPS

Raindrops creates the visual of water drops after a rainstorm. This look fits perfect in the shower as the grate reflects the daily use and utility of your personal space.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
24in	133-001G12	133-008G12	-	-	6
36in	133-004G12	133-011G12	-	-	6

T01

TILE-IN

The Tile-In is perfect for minimizing the look of your Channel Drain or to flip the grate upside down to have a solid brushed nickel look. Spacers are included to keep the drain working properly.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
24in	-	133-008T01	-	-	6
36in	-	133-011T01	-	-	6

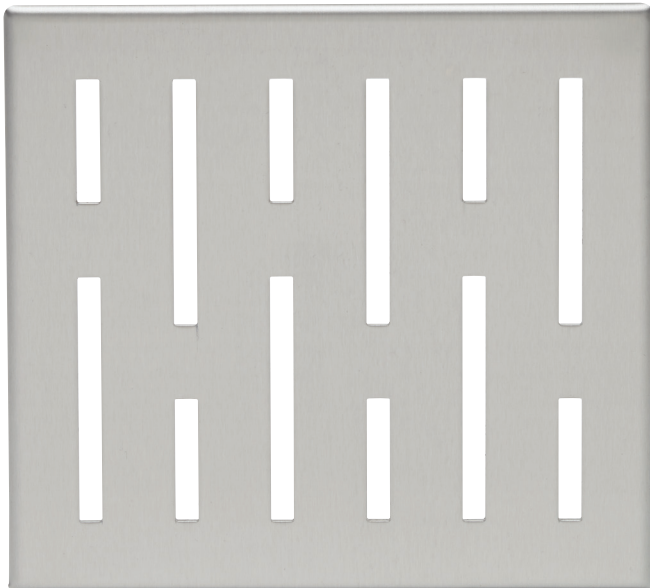

S01

OFFSET LINEAR

The industrial yet appealing look of the Offset Linear grating gives your space a sleek and professional feel. The lines create a sense of motion in an otherwise still and serene space giving your shower a subtle yet dynamic feel.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
6in	133-015S01	133-018S01	-	-	6

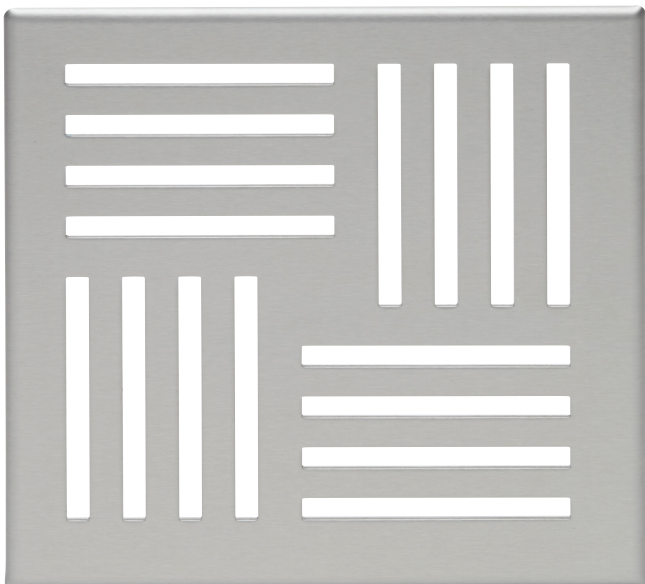

S02

ELEMENTS

Elements adds a unique characteristic to your shower by grouping four sets of line reminiscent of the four elements of nature.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
6in	133-015S02	133-018S02	-	-	6

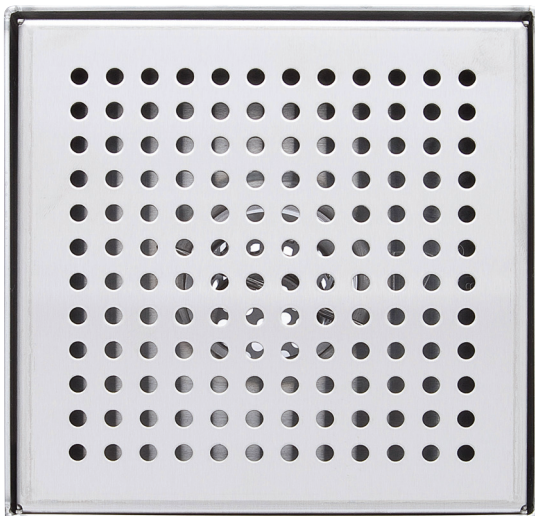

S03

ZERO PATTERN

The Zero Pattern style is a good solid choice for a minimalist shower look. The holes are evenly spaced and help efficiently collect water drainage while still looking stylish.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
4in	133-015AS03	133-018AS03	133-045AS03	3	6
6in	133-015S03	133-018S03	133-048S03	3	6
8in	133-016S03	133-019S03	133-049S03	3	6
12in	133-017S03	133-020S03	-	3	6

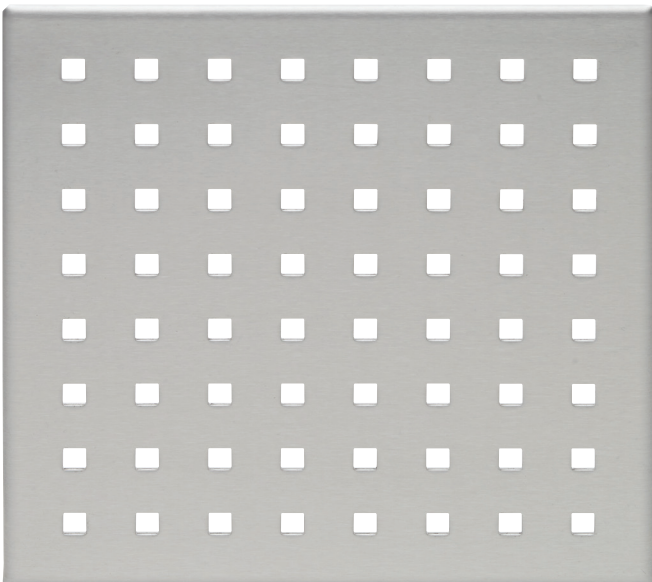

S04

COMPACT GRID

The Compact Grid pattern helps give a rough texture to an otherwise smooth drain. This grid pattern highlights a tight geometric look and adds a texture under foot different from the rest of the tile surrounding it.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
6in	133-015S04	133-018S04	-	-	6

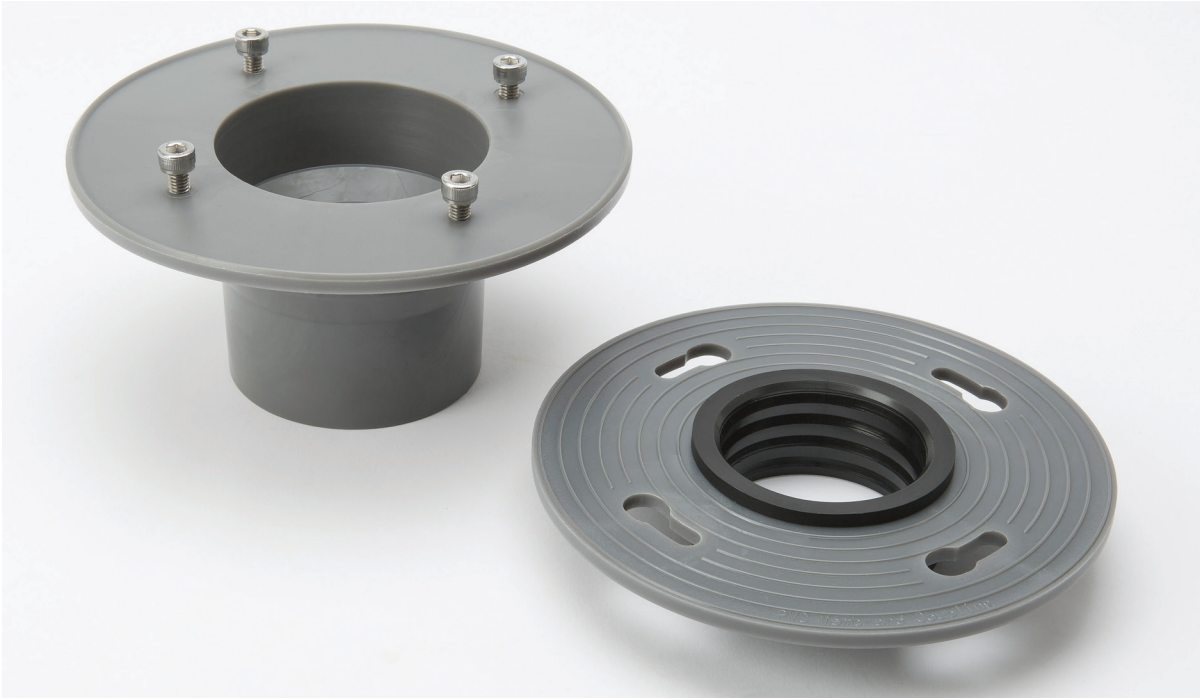

T01

TILE-IN

Tile-In is a unique and versatile grate pattern as it allows for a cut piece of tile to sit in the grate & match your overall shower or flip it over for a solid Brushed Nickel look. Spacers are included to keep the drain centered & allow for efficient water drainage.

Length	Polished Chrome #	Brushed Nickel #	Oil Rubbed Bronze #	Inner	MC
4in	-	133-015AT01	-	3	6
6in	-	133-018T01	-	3	6

PRE-INSTALLATION PIECE

DRAIN BASE

BK Products offers our Custom Drain Base designed to fit our decorative drain lines and provide a water-tight connection. This custom drain base is an alternative to traditional market drain bases and eliminates the need for the dark grey adapters included with each drain.

Length	Description	Inner	MC
133-022	2in OD Drain Body - Connects to DWV System	-	10

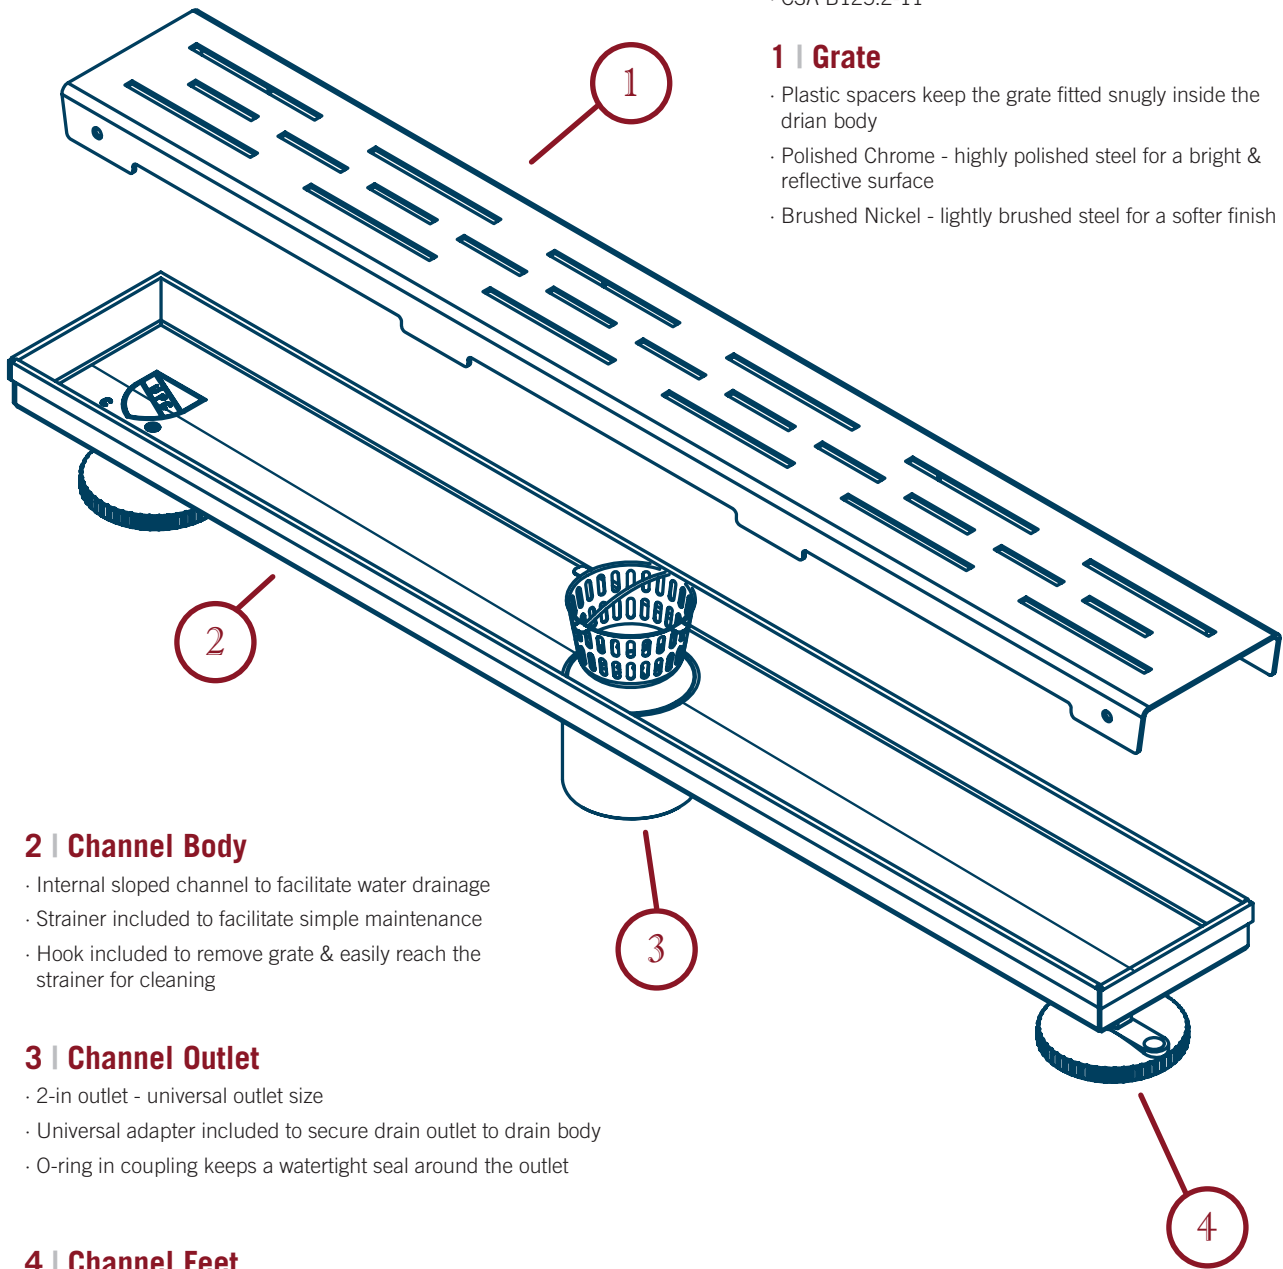

Basic Drain Specs

General Specs

- Drain body & grate is made with stainless steel 304 construction for long product life
- ASME A112.18.2-2011
- CSA B125.2-11

1 | Grate

- Plastic spacers keep the grate fitted snugly inside the drain body
- Polished Chrome - highly polished steel for a bright & reflective surface
- Brushed Nickel - lightly brushed steel for a softer finish

2 | Channel Body

- Internal sloped channel to facilitate water drainage
- Strainer included to facilitate simple maintenance
- Hook included to remove grate & easily reach the strainer for cleaning

3 | Channel Outlet

- 2-in outlet - universal outlet size
- Universal adapter included to secure drain outlet to drain body
- O-ring in coupling keeps a watertight seal around the outlet

4 | Channel Feet

- Adjustable feet to effortlessly level drain during installation
- Feet can be removed if they are unnecessary for installation
- *Square drains do not come with the adjustable feet feature*
